

## Instructions for Disabling Flash

To disable the Flash Plugin in Microsoft Internet Explorer:

1. Click **Tools** or the **Tools icon** , then click **Manage Add-ons**. The Manage Add-ons screen appears.
2. Scroll to Shockware Flash Object (if you have it). *If you do not have it, stop here.*
3. Right click **Shockwave Flash Object**. A shortcut menu appears.
4. Click **Disable**.
